**Subject:** CLF Call

Michael Curley asked me to make you aware of an inquiry from CLF Ken may want to be aware of, in case he gets a call as well.

Chris Killian from CLF called Carl and shared criticism of the Major Storm Events BMP in the Chelsea draft permits being not as good as the same provision in the final MSGP. I am working until 3:30 today if you would like to discuss, or my calendar has plenty of space tomorrow, if that works.

Regards,
